Index of Subjects

acceptability
Children's judgments of correct and reversed sentences with 'if'. **7**, 137, 1980
Children's judgments of the functional acceptability of referential communications in discourse contexts. **10**, 151, 1983

action
The ontogenesis of speech acts. **2**, 1, 1975
Words and plans: early language and the development of intelligent action. **9**, 303, 1982

adjective
Talking about comparisons: a study of young children's comparative adjective usage. **10**, 605, 1983

adjective order
Adjective ordering in the language of young children: an experimental investigation. **6**, 253, 1979

adjectives
The acquisition of word-meaning for dimensional adjectives: the long and short of it. **1**, 195, 1974
Sizing things up: the acquisition of the meaning of dimensional adjectives. **3**, 205, 1976
Comprehension and production of adjectives and seriation. **3**, 369, 1976
Do children interpret 'marked' comparative adjectives as their opposites? **3**, 385, 1976
Bierwisch's analysis as a test of the SFH. **10**, 167, 1983

adult interpretation
The meanings of two-word utterances in the speech of young children. **3**, 29, 1976
Situation and meaning in one- and two-word utterances: observations on Howe's 'The meanings of two-word utterances in the speech of young children'. **4**, 111, 1977
Recognition of individual neonates' cries by experienced and inexperienced adults. **6**, 175, 1979
Children's understanding of indirect requests: comparing child and adult comprehension. **8**, 329, 1981
Further remarks on interpretive analysis: in response to Christine Howe. **8**, 403, 1981
Interpretive analysis and role semantics: a ten-year mésalliance? **8**, 439, 1981
Mothers' responses to infants' object-related gestures: influences on lexical development. **9**, 23, 1982

adult judgments
Adult judgments of age and linguistic differences in infant vocalization. **3**, 145, 1976
An experimental investigation of adult perception of one-word utterances. **5**, 131, 1978
Formation of internal structure in a lexical category. **10**, 381, 1983

adult language
What is behind child utterances? **1**, 97, 1974
The use of adult cues to test the language competence of young children. **2**, 105, 1975
Aspects of adult–child communication: the problem of question acquisition. **2**, 251, 1975
Everyday caretaker talk to toddlers vs. threes and fours. **3**, 221, 1976

after
Comprehension of *before* and *after* in logical and arbitrary sequences. **4**, 247, 1977
Syntactic and semantic factors in the acquisition of *before* and *after*. **5**, 261, 1978
Observations on the role of logically constrained sentences in the comprehension of *before* and *after*. **6**, 353, 1979
How to make sense of temporal/spatial *before* and *after*. **7**, 529, 1980
Children's comprehension of *before* and *after* reinvestigated. **9**, 381, 1982

age
Adult judgments of age and linguistic differences in infant vocalization. **3**, 145, 1976
Everyday caretaker talk to toddlers vs. threes and fours. **3**, 221, 1976

Native Spanish language acquisition: the effect of age, schooling and context on responses to 'dile' and 'pregúntale'. 4, 453, 1977

agent

Agent–patient word-order preference in the acquisition of Tagalog. 5, 47, 1978

The development of the full passive. 5, 65, 1978

Focus types and agent-patient word-order preferences in Tagalog. 6, 359, 1979

SVO comprehension strategies reconsidered: the evidence of individual patterns of response. 7, 89, 1980

Preschool children's sentence comprehension: strategies with respect to word order. 7, 371, 1980

Facilitation of semantic comprehension at the one-word stage of language development. 9, 31, 1982

Experimental evidence for agent–patient categories in child language. 9, 627, 1982

Noun phrases and coherence in child narratives. 10, 135, 1983

ahead of

More negative findings for positive prepositions. 10, 415, 1983

allative

The allative bias in three-year-olds is almost proof against task naturalness. 8, 283, 1981

although

Children's comprehension of pragmatic concepts expressed in 'because', 'although', 'if' and 'unless'. 8, 347, 1981

ambiguity

On the acquisition of two complex syntactic constructions in Tamil. 1, 65, 1974

Ambiguity of reference and listeners' reaction in a naturalistic setting. 7, 555, 1980

Ambiguity and implicature in children's discourse comprehension. 9, 209, 1982

Children's judgments of the functional acceptability of referential communications in discourse contexts. 10, 151, 1983

American vs. British

Description and explanation in the acquisition of verb-forms. 8, 93, 1981

analogy

Rules, rote, and analogy in morphological formations by Hungarian children. 2, 65, 1975

and

Development of coordination in the natural speech of young children. 7, 279, 1980

On coordination in child language. 7, 305, 1980

animateness

Developmental production of utterances from a series of lexemes. 5, 251, 1978

Experimental evidence for agent–patient categories in child language. 9, 627, 1982

anomalous sentences

The development of young children's capacity to judge anomalous sentences. 6, 227, 1979

articles

Pre-school children's use of the articles in definite and indefinite referring expressions. 8, 313, 1981

ask

Native Spanish language acquisition: the effect of age, schooling and context on responses to 'dile' and 'pregúntale'. 4, 453, 1977

Children's understanding of *ask* and *tell*. 8, 139, 1981

The development of directives: how children ask and tell. 8, 151, 1981

'Ask' and 'tell' revisited: a reply to Warden 9, 667, 1982

Asking children to ask; an experimental investigation of the pragmatics of relayed questions. 10, 187, 1983

aspect

The acquisition of time talk: relations between child and adult grammars. 7, 263, 1980

Prefix versus suffix information processing in the comprehension of tense and aspect. 10, 85, 1983

assimilation

Assimilation in child language and elsewhere. 5, 373, 1978

attention

The ontogenesis of speech acts. 2, 1, 1975

Directing two-year-old's attention; some clues to understanding. 6, 211, 1979

The role of perceived variability in the transition to language. 9, 1, 1982

The effects of intonation on infant attention: the role of the rising intonation contour. 10, 521, 1983

attributes
Inferences and semantic development. **2**, 143, 1975
Kids and kin: children's understanding of American kin terms. **3**, 63, 1976
aux copying
Arguments against Hurford's 'Aux Copying Rule'. **3**, 423, 1976
auxiliaries
Against the transformationalist account: a simpler analysis of auxiliary overmarkings. **5**, 337, 1978
avoidance
Do children pick and choose? an examination of phonological selection and avoidance in early lexical acquisition. **9**, 319, 1982
babbling
Infant babbling and speech. **3**, 1, 1976
Phonetic analysis of late babbling: a case study of a French child. **8**, 511, 1981
Timing in late babbling. **8**, 525, 1981
Babbling and the deaf child: a commentary on Lenneberg *et al.* (1965) and Lenneberg (1967). **9**, 511, 1982
Similarity of babbling in Spanish- and English-learning babies. **9**, 565, 1982
baby talk
Why we don't talk 'baby talk' to babies. **7**, 489, 1980
The speech of two- and three-year-olds to infant siblings: 'baby talk' and the context of communication.] **9**, 579, 1982
back
Up front: the acquisition of a concept and a word. **9**, 645, 1982
because
Children's comprehension of 'because' in reversible and non-reversible sentences. **6**, 279, 1979
Children's comprehension of pragmatic concepts expressed in 'because', 'although', 'if' and 'unless'. **8**, 347, 1981
Evaluating presuppositions and propositions. **10**, 639, 1983
before
Comprehension of *before* and *after* in logical and arbitrary sequences. **4**, 247, 1977
Syntactic and semantic factors in the acquisition of *before* and *after*. **5**, 261, 1978
Observations on the role of logically constrained sentences in the comprehension of *before* and *after*. **6**, 353, 1979
How to make sense of temporal/spatial *before* and *after*. **7**, 529, 1980
Children's comprehension of *before* and *after* reinvestigated. **9**, 381, 1982
behind
Young children's understanding of *in front of* and *behind* in the placement of objects. **6**, 371, 1979
More negative findings for positive prepositions. **10**, 415, 1983
bi-transitives
Acquisition of bi-transitive sentences: pre-linguistic determinants of language acquisition. **8**, 367, 1981
Bierwisch
Bierwisch's analysis as a test of the SFH. **10**, 167, 1983
bilingualism
Native Spanish language acquisition: the effect of age, schooling and context on responses to 'dile' and 'pregúntale'. **4**, 453, 1977
The acquisition and development of language by bilingual children. **5**, 311, 1978
Language mixing in bilingual children. **5**, 327, 1978
Language mixing in young bilinguals. **7**, 337, 1980
It's easier in German, isn't it? The acquisition of tag questions in a bilingual child. **8**, 641, 1981
Cantonese
Tone acquisition in Cantonese: a longitudinal case study. **5**, 191, 1978
case
Cognitive principles underlying children's errors in pronominal case-marking. **1**, 271, 1974
Pronominal case-errors. **3**, 439, 1976
causative
Children's reproductions: effects of event order and implied vs. directly stated causation. **4**, 237, 1977
certainty
Immediacy and certainty: factors in understanding future reference. **9**, 115, 1982
Chinese
Adult judgments of age and linguistic differences in infant vocalization. **3**, 145, 1976
classification
Cognitive precursors of receptive vs. expressive language. **9**, 13, 1982

cleft sentences
Preschool children's sentence comprehension: strategies with respect to word order. 7, 371, 1980
codes
Speech codes and speech variants: social class and task differences in children's speech. 3, 247, 1976
cognition
Learning to code experience through language. 1, 243, 1974
Cognitive principles underlying children's errors in pronominal case-marking. 1, 271, 1974
How children talk about what happened. 3, 167, 1976
A multi-functional approach to single-word usage. 4, 23, 1977
The role of cognitive development and linguistic input in language acquisition. 4, 153, 1977
More about the same: children's understanding of post-articles. 4, 377, 1977
Language development as related to stage 6 object permanence development. 5, 173, 1978
How much is one word? 5, 347, 1978
What's so conceptual about the acquisition of linguistic structures? 6, 129, 1979
The development of young children's capacity to judge anomalous sentences. 6, 227, 1979
The conceptual impact of linguistic input. A comparison of German family-children's and orphans' acquisition of kinship terms. 6, 313, 1979
Changes in the explicitness of mothers' directives as children age. 6, 443, 1979
The cognitive bases of relational words in the single word period. 8, 15, 1981
Conversational asymmetry between mothers and children. 8, 35, 1981
The case for semantic relations: evidence from the verbal and nonverbal domains. 8, 413, 1981
The role of perceived variability in the transition to language. 9, 1, 1982
Cognitive precursors of receptive vs. expressive language. 9, 13, 1982
Words and plans: early language and the development of intelligent action. 9, 303, 1982
Adapting syntax in writing to varying audiences as a function of age and social cognitive ability. 9, 497, 1982
Explicating the conceptual basis of language. 9, 521, 1982
Origins of verbal logic: spontaneous denials by two- and three-year-olds. 9, 597, 1982
Up front: the acquisition of a concept and a word. 9, 645, 1982
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. 10, 123, 1983
Children's comprehension of Italian comparative forms and the three-term problem solution. 10, 203, 1983
coherence
Conversational competence in children. 1, 163, 1974
Noun phrases and coherence in child narratives. 10, 135, 1983
cold
Polar exploration: 'hot' and 'cold', 'cool' and 'cold'. 4, 477, 1977
colour terms
A note on the learning of colour names. 4, 305, 1977
commands
Response to commands revisited again. 7, 197, 1980
Children's use of lexical and non-lexical information in responding to commands. 9, 139, 1982
communicative
Speech codes and speech variants: social class and task differences in children's speech. 3, 247, 1976
A multi-functional approach to single-word usage. 4, 23, 1977
Knowing what to say and wanting to say it: some communicative and structural aspects of single-word responses to questions. 6, 81, 1979
Language without communication: a case study. 6, 329, 1979
Contingent query sequences within adult–child discourse. 8, 51, 1981
The emergence of communicative competence: detection of conversational topics. 10, 623, 1983
comparatives
Children's strategies for interpreting complex comparative questions. 2, 271, 1975
Do children interpret 'marked' comparative adjectives as their opposites? 3, 385, 1976

Comprehension and production of comparatives and superlatives. **6**, 511, 1979
Children's comprehension of Italian comparative forms and the three-term problem solution. **10**, 203, 1983
Talking about comparisons: a study of young children's comparative adjective usage. **10**, 605, 1983

comparison

Talking about comparisons: a study of young children's comparative adjective usage. **10**, 605, 1983

competence

Performing without competence **1**, 1, 1974
Competence and performance in child language: are children really competent to judge? **1**, 11, 1974
Conversational competence in children. **1**, 163, 1974
Acquisition of pragmatic competence. **1**, 277, 1974
The use of adult cues to test the language competence of young children. **2**, 105, 1975
Unravelling competence, performance and pragmatics in the speech of young children. **3**, 309, 1976
Competence and talent in verbal riddle comprehension. **4**, 433, 1977
The development of young children's capacity to judge anomalous sentences. **6**, 227, 1979
Assessing linguistic competence: when are children hard to understand? **7**, 401, 1980
Language development and language knowledge: evidence from the acquisition of Hebrew morphophonology. **8**, 609, 1981
On the existence of competence errors in early comprehension: a reply to Fremgen & Fay and Chapman & Thomson. **10**, 431, 1983
The emergence of communicative competence: detection of conversational topics. **10**, 623, 1983

completions

Mother–child verbal interaction: the functioning of completions in the twin situation. **6**, 153, 1979

complex sentences

On the acquisition of two complex syntactic constructions in Tamil. **1**, 65, 1974
Complex sentences: acquisition of syntactic connectives and the semantic relations they encode. **7**, 235, 1980
Conditional statements in young children's spontaneous speech. **10**, 253, 1983

complexity

'This man's father is my father's son': a study of the acquisition of English kin terms. **1**, 23, 1974
Syntactic styles in emerging language. **3**, 49, 1976
Unravelling competence, performance and pragmatics in the speech of young children. **3**, 309, 1976
Does comprehension precede production? The development of children's responses to telegraphic sentences of varying grammatical adequacy. **4**, 201, 1977
Determinants of the acquisition order of grammatical morphemes: a re-analysis and re-interpretation. **7**, 181, 1980
On the acquisition of grammatical morphemes. **8**, 477, 1981
To attend or not to attend to unwelcome reanalyses? A reply to Pinker. **8**, 627, 1981

components

'This man's father is my father's son': a study of the acquisition of English kin terms. **1**, 23, 1974

comprehension

An experiment involving comprehension of intonation in children from 7 to 10. **1**, 221, 1974
Some facts one simply cannot deny. **2**, 279, 1975
Kids and kin: children's understanding of American kin terms. **3**, 63, 1976
Sizing things up: the acquisition of the meaning of dimensional adjectives. **3**, 205, 1976
The acquisition of the passive voice **3**, 331, 1976
Comprehension and production of adjectives and seriation. **3**, 369, 1976
Do children interpret 'marked' comparative adjectives as their opposites? **3**, 385, 1976
Does comprehension precede production? The development of children's responses to telegraphic sentences of varying grammatical adequacy. **4**, 201, 1977
Children's production and comprehension of questions. **4**, 211, 1977
Comprehension of *before* and *after* in logical and arbitrary sequences. **4**, 247, 1977

Who is 'Daddy' revisited: the status of two-year-olds' over-extended words in use and comprehension. 4, 359, 1977
Height, age and function: differing influences on children's comprehension of 'younger' and 'older'. 4, 395, 1977
Competence and talent in verbal riddle comprehension. 4, 433, 1977
Comprehension of two-word instructions by children in the one-word stage. 5, 17, 1978
Children's comprehension of their mothers' question-directives. 5, 39, 1978
The development of vague modifiers in the language of pre-school children. 5, 279, 1978
Old and new ways not to study comprehension: comments on Petretic & Tweney's (1977) experimental review of Shipley, Smith & Gleitman (1969). 5, 501, 1978
The comprehension of 'here' and 'there'. 6, 69, 1979
A test of metaphoric comprehension and some preliminary developmental data. 6, 111, 1979
Early lexical development: comprehension and production. 6, 183, 1979
Directing two-year-old's attention; some clues to understanding. 6, 211, 1979
Children's comprehension of 'because' in reversible and non-reversible sentences. 6, 279, 1979
Young children's understanding of *in front of* and *behind* in the placement of objects. 6, 371, 1979
Four-year olds' understanding of 'pretend' and 'forget': no evidence for propositional reasoning. 6, 493, 1979
Comprehension and production of comparatives and superlatives. 6, 511, 1979
Let's see. 6, 581, 1979
SVO comprehension strategies reconsidered: the evidence of individual patterns of response. 7, 89, 1980
'Mommy sock': the child's understanding of possession as expressed in two-noun phrases. 7, 119, 1980
Some instances of word usage in the absence of comprehension. 7, 189, 1980
Response to commands revisited again. 7, 197, 1980
Overextensions in production and comprehension: a methodological clarification. 7, 205, 1980
Preschool children's sentence comprehension: strategies with respect to word order. 7, 371, 1980
Children's understanding of factive presuppositions: an experiment and a review. 7, 381, 1980
Assessing linguistic competence: when are children hard to understand? 7, 401, 1980
Speech roles and the development of personal pronouns. 7, 509, 1980
What is the source of overextension errors in comprehension testing of two-year-olds? A response to Fremgen and Fay. 7, 575, 1980
A comparative study of the use of pictures and objects in assessing children's receptive and productive language. 8, 1, 1981
Interactions between lexis and discourse in conservation and comprehension tasks. 8, 109, 1981
Children's understanding of *ask* and *tell*. 8, 139, 1981
On the comprehension of comprehension studies: a reply to Gleitman, Shipley and Smith's (1978) criticism of Petretic & Tweney (1977). 8, 193, 1981
Understanding the psychology in psychological metaphors. 8, 213, 1981
Children's understanding of indirect requests: comparing child and adult comprehension. 8, 329, 1981
Children's comprehension of pragmatic concepts expressed in 'because', 'although', 'if' and 'unless'. 8, 347, 1981
Content and context in early lexical development. 8, 565, 1981
Cognitive precursors of receptive vs. expressive language. 9, 13, 1982
Facilitation of semantic comprehension at the one-word stage of language development. 9, 31, 1982
Overextension and underextension in the child's expressive and receptive speech. 9, 83, 1982
Ambiguity and implicature in children's discourse comprehension. 9, 209, 1982
Understanding sentences in varying contexts. 9, 217, 1982

On children's comprehension of *whom*-questions: a reply to French. **9**, 239, 1982
If I were you and you were me: the analysis of pronouns in a pronoun-reversing child. **9**, 359, 1982
Children's comprehension of 'before' and 'after' reinvestigated. **9**, 381, 1982
The pragmatics of subordinating conjunctions: a second look. **9**, 461, 1982
Up front: the acquisition of a concept and a word. **9**, 645, 1982
'Ask' and 'tell' revisited: a reply to Warden **9**, 667, 1982
Prefix versus suffix information processing in the comprehension of tense and aspect. **10**, 85, 1983
The word order myth. **10**, 97, 1983
Children's comprehension of Italian comparative forms and the three-term problem solution. **10**, 203, 1983
On the existence of competence errors in early comprehension: a reply to Fremgen & Fay and Chapman & Thomson. **10**, 431, 1983

concepts
Transitional phenomena in early language acquisition. **3**, 13, 1976

Conceptual Basis of Language, The
Explicating the conceptual basis of language. **9**, 521, 1982

conditions
Conditional statements in young children's spontaneous speech. **10**, 253, 1983

confusability
Some facts one simply cannot deny. **2**, 279, 1975

conjunctions
Conjunction reduction in child language. **4**, 257, 1977
Sentence coordination in Japanese and English. **9**, 193, 1982
Children's comprehension of 'before' and 'after' reinvestigated. **9**, 381, 1982
Pragmatic factors in children's phrasal coordination. **9**, 425, 1982
The pragmatics of subordinating conjunctions: a second look. **9**, 461, 1982
Evaluating presuppositions and propositions. **10**, 639, 1983

connectivity
Complex sentences: acquisition of syntactic connectives and the semantic relations they encode. **7**, 235, 1980

connotation
Morphological development in Italian: connotation and denotation. **6**, 29, 1979

conservation
Some clues to the nature of semantic development. **1**, 185, 1974
Interactions between lexis and discourse in conservation and comprehension tasks. **8**, 109, 1981
The use of linguistic and non-linguistic strategies in kindergarteners' interpretations of 'more' and 'less'. **9**, 125, 1982

consonant clusters
Voice onset time in consonant cluster production by children and adults. **2**, 223, 1975
Early phonotactic development: some observations on a child's acquisition of initial consonant clusters. **3**, 429, 1976
Temporal constraints on consonant clusters in child speech production. **4**, 417, 1977
Medial consonant cluster acquisition by Telugu children. **8**, 63, 1981

contingent query
Contingent query sequences within adult–child discourse. **8**, 51, 1981

conversation
Research on child language in East European countries. **1**, 77, 1974
Conversational competence in children. **1**, 163, 1974
Requests and responses in children's speech. **2**, 41, 1974
Aspects of adult–child communication: the problem of question acquisition. **2**, 251, 1975
Young children's use of age-appropriate speech styles in social interaction and role-playing. **3**, 81, 1976
The development of conversation between mothers and babies. **4**, 1, 1977
Preschool children's intraconversational narratives. **6**, 91, 1979
Conversational asymmetry between mothers and children. **8**, 35, 1981
Complementary balance in the use of the interrogative form by nursery school dyads. **8**, 297, 1981
Tag constructions: structure and function in child discourse. **9**, 151, 1982

Mother conversational behaviour as a function of interactional intent. **9**, 337, 1982
Style and stability in mother conversational behaviour: a study of individual differences. **9**, 543, 1982
Mothers' speech to prelingual infants: a pragmatic analysis. **10**, 17, 1983
Mothers' use of fantasy in speech to young children. **10**, 45, 1983
Characteristics of adult speech which predict children's language development. **10**, 65, 1983
Informational functions of mother–child discourse: knowing them when we see them. **10**, 223, 1983
Concepts and methods in the study of conversation: a reply to Lynda Olsen-Fulero. **10**, 231, 1983
Child responsiveness to mother questions of varying type and presentation. **10**, 495, 1983
Turn the page please: situation-specific language acquisition. **10**, 551, 1983
The emergence of communicative competence: detection of conversational topics. **10**, 623, 1983

coordination
Conjunction reduction in child language. **4**, 257, 1977
Development of coordination in the natural speech of young children. **7**, 279, 1980
On coordination in child language. **7**, 305, 1980
Coordinating studies of coordination: a reply to Ardery. **8**, 457, 1981
Sentence coordination in Japanese and English. **9**, 193, 1982
Pragmatic factors in children's phrasal coordination. **9**, 425, 1982

coreference
On interpreting non-coreferent pronouns: a longitudinal study. **6**, 585, 1979

correctness judgments
Error assimilation as a mechanism in language learning. **10**, 401, 1983

crying
Perceptual responses to infant crying: identification of cry types. **1**, 89, 1974
Perceptual responses to infant crying: maternal recognition and sex judgments. **2**, 199, 1975
Features of infant sounds: the first eight weeks of life. **2**, 205, 1975
Acoustical characteristics of infant cries: fundamental frequency. **4**, 321, 1977
Features of infant sounds: the emergence of cooing. **5**, 379, 1978
Recognition of individual neonates' cries by experienced and inexperienced adults. **6**, 175, 1979

Czech
Cross-linguistic perception in infancy: early effects of linguistic experience **9**, 289, 1982

deafness
Babbling and the deaf child: a commentary on Lenneberg *et al.* (1965) and Lenneberg (1967). **9**, 511, 1982

deep structure
Comprehending surface and deep structure subjects: children's understanding of implied vs. explicitly stated nouns. **10**, 195, 1983

definiteness
Pre-school children's use of the articles in definite and indefinite referring expressions. **8**, 313, 1981

definition
Learning to make definitions. **4**, 289, 1977
Ostensive definition in vocabulary teaching. **7**, 565, 1980
The development of noun definition. **8**, 165, 1981

deixis
Movement and location in the acquisition of deictic verbs. **3**, 191, 1976
Strategies in the acquisition of deixis. **5**, 457, 1978
The allative bias in three-year-olds is almost proof against task naturalness. **8**, 283, 1981
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. **10**, 123, 1983

deletion
Imitation and recall of optionally deletable sentences by young children. **2**, 261, 1975
Conjunction reduction in child language. **4**, 257, 1977

denials
Origins of verbal logic: spontaneous denials by two- and three-year-olds. **9**, 597, 1982

deontic
Acquisition of epistemic and deontic meaning of modals. **9**, 659, 1982

devoicing
A phonetic analysis of consonantal devoicing in children's speech. **6**, 19, 1979
different
Interactions between lexis and discourse in conservation and comprehension tasks. **8**, 109, 1981
dimension
Morphological development in Italian: connotation and denotation. **6**, 29, 1979
dimensions
The acquisition of word-meaning for dimensional adjectives: the long and short of it. **1**, 195, 1974
Children's strategies for interpreting complex comparative questions. **2**, 271, 1975
Sizing things up: the acquisition of the meaning of dimensional adjectives. **3**, 205, 1976
Comprehension and production of adjectives and seriation. **3**, 369, 1976
The development of vague modifiers in the language of pre-school children. **5**, 279, 1978
Adjective ordering in the language of young children: an experimental investigation. **6**, 253, 1979
Young children's understanding of *in front of* and *behind* in the placement of objects. **6**, 371, 1979
Bierwisch's analysis as a test of the SFH. **10**, 167, 1983
directional prepositions
The allative bias in three-year-olds is almost proof against task naturalness. **8**, 283, 1981
directionality
Conjunction reduction in child language. **4**, 257, 1977
directives
Changes in the explicitness of mothers' directives as children age. **6**, 443, 1979
The development of directives: how children ask and tell. **8**, 151, 1981
Verbal and nonverbal aspects of mothers' directives. **10**, 337, 1983
'Do what I mean, not what I say!'. Changes in mothers' action-directives to young children. **10**, 357, 1983
discourse
Preschool children's intraconversational narratives. **6**, 91, 1979
Contingent query sequences within adult–child discourse. **8**, 51, 1981
Interactions between lexis and discourse in conservation and comprehension tasks. **8**, 109, 1981
Semantic roles and residual grammatical categories in mother and child speech: who tunes into whom? **8**, 583, 1981
Tag constructions: structure and function in child discourse. **9**, 151, 1982
Ambiguity and implicature in children's discourse comprehension. **9**, 209, 1982
The word order myth. **10**, 97, 1983
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. **10**, 123, 1983
Noun phrases and coherence in child narratives. **10**, 135, 1983
Children's judgments of the functional acceptability of referential communications in discourse contexts. **10**, 151, 1983
Asking children to ask; an experimental investigation of the pragmatics of relayed questions. **10**, 187, 1983
Informational functions of mother–child discourse: knowing them when we see them. **10**, 223, 1983
Concepts and methods in the study of conversation: a reply to Lynda Olsen-Fulero. **10**, 231, 1983
discriminant analysis
Consistency in the pattern of change in mothers' speech: some discriminant analyses. **7**, 469, 1980
discrimination
Statistical significance in phonemic perception experiments. **2**, 297, 1975
The role of speech discrimination in developmental sound substitutions. **3**, 319, 1976
Speech discrimination in the language-innocent and the language-wise: a study in the perception of voice onset time. **6**, 1, 1979
Cross-linguistic perception in infancy: early effects of linguistic experience **9**, 289, 1982
Assessing the role of experience on infants' speech discrimination. **9**, 527, 1982
Linguistic experience modifies lexical stress perception. **10**, 535, 1983
doggerel
Doggerel: motherese in a new context. **9**, 229, 1982

Dutch
Brown's early stages: some evidence from Dutch. 3, 267, 1976
Pronominal case-errors. 3, 439, 1976
Foreign language awareness in a five- to nine-year-old lexicographer. 6, 159, 1979
The acquisition of some Dutch morphological rules. 7, 539, 1980
More questions than answers: a study of question–answer sequences in a naturalistic setting. 9, 445, 1982

East European research
Research on child language in East European countries. 1, 77, 1974

easy to see
'John is easy to see' re-investigated. 3, 443, 1976
Assessing linguistic competence: when are children hard to understand? 7, 401, 1980
Comprehending surface and deep structure subjects: children's understanding of implied vs. explicitly stated nouns. 10, 195, 1983

egocentrism
Stages of egocentrism in children's use of *this* and *that*: a different point of view. 3, 349, 1976

ego-differentiation
Everyday caretaker talk to toddlers vs. threes and fours. 3, 221, 1976

empiricism
A note on empiricism and structure-dependence. 8, 649, 1981

entailment
Evaluating presuppositions and propositions. 10, 639, 1983

episodic structure
The episodic structure of maternal speech to young children. 7, 29, 1980

epistemic
Acquisition of epistemic and deontic meaning of modals. 9, 659, 1982

errors
Cognitive principles underlying children's errors in pronominal case-marking. 1, 271, 1974
A child and the English question formation rule. 2, 299, 1975
Arguments against Hurford's 'Aux Copying Rule'. 3, 423, 1976
Pronominal case-errors. 3, 439, 1976
Against the transformationalist account: a simpler analysis of auxiliary overmarkings. 5, 337, 1978
On coordination in child language. 7, 305, 1980
Context-specificity and generalization in the acquisition of pronominal distinctions. 8, 75, 1981
Phonology and the development of the lexicon: evidence from children's errors. 8, 239, 1981
The use of linguistic and non-linguistic strategies in kindergarteners' interpretations of 'more' and 'less'. 9, 125, 1982
Asking children to ask; an experimental investigation of the pragmatics of relayed questions. 10, 187, 1983
Error assimilation as a mechanism in language learning. 10, 401, 1983
On the existence of competence errors in early comprehension: a reply to Fremgen & Fay and Chapman & Thomson. 10, 431, 1983
Sound-based errors in early word use. 10, 459, 1983

Estonian
The acquisition of Estonian inflections. 4, 313, 1977
A note on children's lexical representations. 9, 249, 1982

expansion
Noun phrase expansion in child language. 1, 107, 1974
Unravelling competence, performance and pragmatics in the speech of young children. 3, 309, 1976
Inappropriate expansion: a demonstration of a methodology for child language research. 4, 115, 1977

explicitness
Changes in the explicitness of mothers' directives as children age. 6, 443, 1979

expressive
The relationship of pragmatic dimensions of mothers' speech to the referential-expressive distinction. 10, 35, 1983

factivity
A developmental study of factivity and negation in complex syntax. 5, 295, 1978
Children's understanding of factive presuppositions: an experiment and a review. 7, 381, 1980

familiarity
Conditional statements in young children's spontaneous speech. 10, 253, 1983

fantasy
Factors influencing children's hypothetical reference. 8, 131, 1981
Mothers' use of fantasy in speech to young children. 10, 45, 1983

fatherese
Fathers' and mothers' speech in early language development. 7, 353, 1980
Mothers' and fathers' speech to their young children: similar or different? 10, 245, 1983

fine-tuning
Semantic roles and residual grammatical categories in mother and child speech: who tunes into whom? 8, 583, 1981

***fis* phenomenon**
Homonymy in child phonology. 7, 413, 1980

focus
Focus characteristics of single-word utterances after syntax. 5, 151, 1978
Focus types and agent-patient word-order preferences in Tagalog. 6, 359, 1979

forget
Four-year olds' understanding of 'pretend' and 'forget': no evidence for propositional reasoning. 6, 493, 1979
Let's see. 6, 581, 1979

French
Fronting in child phonology. 1, 233, 1974
Foreign language awareness in a five- to nine-year-old lexicographer. 6, 159, 1979
Fathers' and mothers' speech in early language development. 7, 353, 1980
Phonetic analysis of late babbling: a case study of a French child. 8, 511, 1981
Timing in late babbling. 8, 525, 1981
Linguistic experience modifies lexical stress perception. 10, 535, 1983

frequency
Relationships between parental input frequencies and children's language acquisition: a reanalysis of Brown's data. 7, 105, 1980
Determinants of the acquisition order of grammatical morphemes: a re-analysis and re-interpretation. 7, 181, 1980
On the acquisition of grammatical morphemes. 8, 477, 1981
To attend or not to attend to unwelcome reanalyses? A reply to Pinker. 8, 627, 1981
The role of input frequency in lexical acquisition. 10, 57, 1983

fricatives
Perception and production in child phonology: the testing of four hypotheses. 1, 205, 1974

front
Up front: the acquisition of a concept and a word. 9, 645, 1982

fronting
Fronting in child phonology. 1, 233, 1974
Counter example to 'fronting' as a universal of child phonology. 2, 293, 1975

functional approach
What does the child mean? A critique of the 'functional' approach to language acquisition. 6, 201, 1979

fundamental frequency
Fundamental frequency characteristics of infant non-distress vocalization during the first twenty-four weeks. 4, 171, 1977
Acoustical characteristics of infant cries: fundamental frequency. 4, 321, 1977

future
Immediacy and certainty: factors in understanding future reference. 9, 115, 1982

games
Games, social exchange and the acquisition of language. 5, 391, 1978
The use of the past tense in games of pretend. 6, 365, 1979
The use of the past tense in games of pretend. 7, 213, 1980
Talking backward: exceptional speech play in late childhood. 9, 481, 1982

gender
The acquisition of Hebrew plurals: the case of the missing gender category. 10, 107, 1983

generalization
Context-specificity and generalization in the acquisition of pronominal distinctions. 8, 75, 1981

German
Pronominal case-errors. 3, 439, 1976
Four early stages in the development of L1 negation. 4, 87, 1977
Plurals in child speech. 5, 237, 1978
The acquisition and development of language by bilingual children. 5, 311, 1978
Some facts on negation: Wode's four-stage developmental theory of negation revisited. 6, 147, 1979
The use of the past tense in games of pretend. 7, 213, 1980

Language mixing in young bilinguals. **7**, 337, 1980
It's easier in German, isn't it? The acquisition of tag questions in a bilingual child. **8**, 641, 1981
Some more remarks on the acquisition of German negation. **10**, 465, 1983
Linguistic experience modifies lexical stress perception. **10**, 535, 1983

gesture
Satisfying inquisitive adults: some simple methods of answering *yes/no* questions. **5**, 221, 1978
Mothers' responses to infants' object-related gestures: influences on lexical development. **9**, 23, 1982

Hebrew
More on the acquisition of locative prepositions: an analysis of Hebrew data. **6**, 547, 1979
On interpreting non-coreferent pronouns: a longitudinal study. **6**, 585, 1979
Regularity vs. anomaly: the acquisition of Hebrew inflectional morphology. **8**, 265, 1981
Early language and nonverbal representation: a reassessment. **8**, 541, 1981
Language development and language knowledge: evidence from the acquisition of Hebrew morphophonology. **8**, 609, 1981
Verb-pattern alternation: the interface of morphology, syntax, and semantics in Hebrew child language. **9**, 169, 1982
A morphemic measure of early language development: data from modern Hebrew. **9**, 403, 1982
The acquisition of Hebrew plurals: the case of the missing gender category. **10**, 107, 1983

height
Height, age and function: differing influences on children's comprehension of 'younger' and 'older'. **4**, 395, 1977

here
Strategies in the acquisition of deixis. **5**, 457, 1978
The comprehension of 'here' and 'there'. **6**, 69, 1979
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. **10**, 123, 1983

Hindi
Stage I speech of a Hindi-speaking child. **6**, 167, 1979

historical change
Language acquisition and historical change. **8**, 177, 1981

holophrase
Holophrases, speech acts and language universals. **2**, 21, 1975
How much is one word? **5**, 347, 1978
What's so conceptual about the acquisition of linguistic structures? **6**, 129, 1979

homonymy
Surface contrast in children's speech. **2**, 287, 1975
Homonymy in child phonology. **7**, 413, 1980
Phonology and the development of the lexicon: evidence from children's errors. **8**, 239, 1981

hot
Polar exploration: 'hot' and 'cold', 'cool' and 'cold'. **4**, 477, 1977

how
Who, *why*, *when* and *how*: a development study. **5**, 477, 1978

Hungarian
Rules, rote, and analogy in morphological formations by Hungarian children. **2**, 65, 1975
Hungarian research on the acquisition of morphology and syntax. **3**, 397, 1976

hypothesis-testing
Aspects of a theory of language acquisition. **7**, 157, 1980

hypothetical reference
The development of hypothetical reference in the speech of young children. **6**, 563, 1979
Factors influencing children's hypothetical reference. **8**, 131, 1981

if
Children's judgments of correct and reversed sentences with 'if'. **7**, 137, 1980
Children's comprehension of pragmatic concepts expressed in 'because', 'although', 'if' and 'unless'. **8**, 347, 1981
Conditional statements in young children's spontaneous speech. **10**, 253, 1983
Evaluating presuppositions and propositions. **10**, 639, 1983

illocutionary force
The emergence of illocutionary skills. **7**, 13, 1980
The development of directives: how children ask and tell. **8**, 151, 1981
Mother conversational behaviour as a function of interactional intent. **9**, 337, 1982

imitation
Imitation and recall of optionally deletable sentences by young children. **2**, 261, 1975
The acquisition of the passive voice **3**, 331, 1976
A note on imitation and lexical acquisition. **3**, 449, 1976
What's the use of imitation? **4**, 341, 1977
A pragmatic analysis of spontaneous imitations. **5**, 25, 1978
Some aspects of child phonology in imitative and spontaneous speech. **5**, 403, 1978
Talking to children: the effects of rate, intonation, and length on children's sentence imitation. **6**, 459, 1979
Comprehension and production of comparatives and superlatives. **6**, 511, 1979
The uses of imitation. **8**, 205, 1981
Imitations, interactions, and language acquisition. **10**, 589, 1983

immediacy
Immediacy and certainty: factors in understanding future reference. **9**, 115, 1982

implicature
Ambiguity and implicature in children's discourse comprehension. **9**, 209, 1982

in front of
Young children's understanding of *in front of* and *behind* in the placement of objects. **6**, 371, 1979

in front/back of
More negative findings for positive prepositions. **10**, 415, 1983

inappropriate expansion
Inappropriate expansion: a demonstration of a methodology for child language research. **4**, 115, 1977

indefiniteness
Pre-school children's use of the articles in definite and indefinite referring expressions. **8**, 313, 1981

indirect objects
A note on indirect objects. **3**, 435, 1976

indirect requests
Children's understanding of indirect requests: comparing child and adult comprehension. **8**, 329, 1981

individual differences
SVO comprehension strategies reconsidered: the evidence of individual patterns of response. **7**, 89, 1980
Category development in early language. **8**, 225, 1981
Style and stability in mother conversational behaviour: a study of individual differences. **9**, 543, 1982
The speech of two- and three-year-olds to infant siblings: 'baby talk' and the context of communication. **9**, 579, 1982
Individual differences at 20 months: analytic and holistic strategies in language acquisition. **10**, 293, 1983

infant vocalization
Features of infant sounds: the first eight weeks of life. **2**, 205, 1975

inference
Inferences and semantic development. **2**, 143, 1975
Comprehending surface and deep structure subjects: children's understanding of implied vs. explicitly stated nouns. **10**, 195, 1983
'Do what I mean, not what I say!'. Changes in mothers' action-directives to young children. **10**, 357, 1983

inflections
Hungarian research on the acquisition of morphology and syntax. **3**, 397, 1976
The acquisition of Estonian inflections. **4**, 313, 1977
Morphological development in Italian: connotation and denotation. **6**, 29, 1979
The acquisition of inflections in Portuguese: a study of the development of person markers on verbs. **6**, 53, 1979
The acquisition of some Dutch morphological rules. **7**, 539, 1980
Regularity vs. anomaly: the acquisition of Hebrew inflectional morphology. **8**, 265, 1981
Language development and language knowledge: evidence from the acquisition of Hebrew morphophonology. **8**, 609, 1981
The word order myth. **10**, 97, 1983

information structure
Stress patterns of early child language. 3, 283, 1976
The episodic structure of maternal speech to young children. 7, 29, 1980
Noun phrases and coherence in child narratives. 10, 135, 1983
Informational functions of mother–child discourse: knowing them when we see them. 10, 223, 1983

information theory
Can information theory explain early word choice? 6, 397, 1979
Going beyond information theory to explain early word choice; a reply to Roy Pea. 7, 217, 1980

informativeness
Can information theory explain early word choice? 6, 397, 1979
Going beyond information theory to explain early word choice; a reply to Roy Pea. 7, 217, 1980

informativeness judgments
Children's judgments of the functional acceptability of referential communications in discourse contexts. 10, 151, 1983

input
The role of cognitive development and linguistic input in language acquisition. 4, 153, 1977
The conceptual impact of linguistic input. A comparison of German family-children's and orphans' acquisition of kinship terms. 6, 313, 1979
Relationships between parental input frequencies and children's language acquisition: a reanalysis of Brown's data. 7, 105, 1980
On the acquisition of grammatical morphemes. 8, 477, 1981
To attend or not to attend to unwelcome reanalyses? A reply to Pinker. 8, 627, 1981
Mothers' use of superordinate category terms. 10, 571, 1983
Talking about comparisons: A study of young children's comparative adjective usage. 10, 605, 1983

instructions
Comprehension of two-word instructions by children in the one-word stage. 5, 17, 1978

intelligibility
The unintelligibility of speech to children. 10, 265, 1983

interaction
Young children's use of age-appropriate speech styles in social interaction and role-playing. 3, 81, 1976
Everyday caretaker talk to toddlers vs. threes and fours. 3, 221, 1976
The development of conversation between mothers and babies. 4, 1, 1977
A multi-functional approach to single-word usage. 4, 23, 1977
Prosodic, paralinguistic, and interactional features in parent-child speech: English and Spanish. 4, 67, 1977
The achievement and antecedents of labelling. 5, 1, 1978
A pragmatic analysis of spontaneous imitations. 5, 25, 1978
Language use, role and context in a five-year-old. 5, 81, 1978
Games, social exchange and the acquisition of language. 5, 391, 1978
Mother–child verbal interaction: the functioning of completions in the twin situation. 6, 153, 1979
Directing two-year-old's attention; some clues to understanding. 6, 211, 1979
Language without communication: a case study. 6, 329, 1979
Mothers' speech to children and syntactic development: some simple relationships. 6, 423, 1979
Talking to children: the effects of rate, intonation, and length on children's sentence imitation. 6, 459, 1979
Relationships between parental input frequencies and children's language acquisition: a reanalysis of Brown's data. 7, 105, 1980
Why we don't talk 'baby talk' to babies. 7, 489, 1980
Ostensive definition in vocabulary teaching 7, 565, 1980
Conversational asymmetry between mothers and children. 8, 35, 1981
Contingent query sequences within adult–child discourse. 8, 51, 1981
Complementary balance in the use of the interrogative form by nursery school dyads. 8, 297, 1981
Early language and nonverbal representation: a reassessment. 8, 541, 1981
Cognitive precursors of receptive vs. expressive language. 9, 13, 1982
Mothers' responses to infants' object-related gestures: influences on lexical development. 9, 23, 1982

Tag constructions: structure and function in child discourse. **9**, 151, 1982
Mother conversational behaviour as a function of interactional intent. **9**, 337, 1982
More questions than answers: a study of question–answer sequences in a naturalistic setting. **9**, 445, 1982
Style and stability in mother conversational behaviour: a study of individual differences. **9**, 543, 1982
The prosody of maternal speech: infant age and context related changes. **10**, 1, 1983
Mothers' use of fantasy in speech to young children. **10**, 45, 1983
Characteristics of adult speech which predict children's language development. **10**, 65, 1983
Informational functions of mother–child discourse: knowing them when we see them. **10**, 223, 1983
Concepts and methods in the study of conversation: a reply to Lynda Olsen-Fulero. **10**, 231, 1983
Mothers' and fathers' speech to their young children: similar or different? **10**, 245, 1983
Context-related age changes in mothers' speech: joint book reading. **10**, 259, 1983
'What says meow?'. The role of context and linguistic experience in very young children's responses to *what*-questions. **10**, 321, 1983
Verbal and nonverbal aspects of mothers' directives. **10**, 337, 1983
'Do what I mean, not what I say!'. Changes in mothers' action-directives to young children. **10**, 357, 1983
Child responsiveness to mother questions of varying type and presentation. **10**, 495, 1983
Imitations, interactions, and language acquisition. **10**, 589, 1983

interrogatives (*see also* **questions**)
Complementary balance in the use of the interrogative form by nursery school dyads. **8**, 297, 1981

intonation
Research on child language in East European countries. **1**, 77, 1974
An experiment involving comprehension of intonation in children from 7 to 10. **1**, 221, 1974
Talking to children: the effects of rate, intonation, and length on children's sentence imitation. **6**, 459, 1979
Timing in late babbling. **8**, 525, 1981
The effects of intonation on infant attention: the role of the rising intonation contour. **10**, 521, 1983

it
Learning how 'it' works. **4**, 225, 1977

Italian
Acquisition of pragmatic competence. **1**, 277, 1974
The acquisition and development of language by bilingual children. **5**, 311, 1978
Morphological development in Italian: connotation and denotation. **6**, 29, 1979
The development of locative expressions in English, Italian, Serbo-Croatian and Turkish. **6**, 529, 1979
Children's comprehension of Italian comparative forms and the three-term problem solution. **10**, 203, 1983

Japanese
The acquisition of Japanese particles. **1**, 283, 1974
Sentence coordination in Japanese and English. **9**, 193, 1982

jokes
Learning to tell jokes: a case study of metalinguistic abilities. **8**, 217, 1981

judgments by children
The development of young children's capacity to judge anomalous sentences. **6**, 227, 1979
Children's judgments of correct and reversed sentences with 'if'. **7**, 137, 1980

kinship
The conceptual impact of linguistic input. A comparison of German family-children's and orphans' acquisition of kinship terms. **6**, 313, 1979

kinship terms
'This man's father is my father's son': a study of the acquisition of English kin terms. **1**, 23, 1974
Kids and kin: children's understanding of American kin terms. **3**, 63, 1976

labelling
The achievement and antecedents of labelling. **5**, 1, 1978

language differences
Adult judgments of age and linguistic differences in infant vocalization. **3**, 145, 1976

language disorder
Language without communication: a case study. **6**, 329, 1979
If I were you and you were me: the analysis of pronouns in a pronoun-reversing child. **9**, 359, 1982
Babbling and the deaf child: a commentary on Lenneberg *et al.* (1965) and Lenneberg (1967). **9**, 511, 1982

language teaching
The use of adult cues to test the language competence of young children. **2**, 105, 1975

language use
Language use, role and context in a five-year-old. **5**, 81, 1978
What does the child mean? A critique of the 'functional' approach to language acquisition. **6**, 201, 1979
The role of perceived variability in the transition to language. **9**, 1, 1982
Adapting syntax in writing to varying audiences as a function of age and social cognitive ability. **9**, 497, 1982

Latvian
'Mama' and 'papa' in child language. **3**, 157, 1976

length
Talking to children: the effects of rate, intonation, and length on children's sentence imitation. **6**, 459, 1979

less
Interactions between lexis and discourse in conservation and comprehension tasks. **8**, 109, 1981
The use of linguistic and non-linguistic strategies in kindergarteners' interpretations of 'more' and 'less'. **9**, 125, 1982

lexicon
A choice of words: two-year-old speech from a situational point of view. **3**, 275, 1976
A note on imitation and lexical acquisition. **3**, 449, 1976
Height, age and function: differing influences on children's comprehension of 'younger' and 'older'. **4**, 395, 1977
Lexical development and overextension in child language. **5**, 205, 1978
The acquisition and development of language by bilingual children. **5**, 311, 1978
Language mixing in bilingual children. **5**, 327, 1978
Lexical and syllabic patterns in phonological acquisition. **5**, 417, 1978
Features, contrasts and the FCH: some comments on Barrett's lexical development hypothesis. **6**, 139, 1979
Foreign language awareness in a five- to nine-year-old lexicographer. **6**, 159, 1979
'Cet ten' or 'just pretend': a lexical mismatch transmitted from brother to sister. **6**, 181, 1979
Early lexical development: comprehension and production. **6**, 183, 1979
Some instances of word usage in the absence of comprehension. **7**, 189, 1980
Overextension in early language development. **7**, 321, 1980
Language mixing in young bilinguals. **7**, 337, 1980
Ostensive definition in vocabulary teaching **7**, 565, 1980
Interactions between lexis and discourse in conservation and comprehension tasks. **8**, 109, 1981
Category development in early language. **8**, 225, 1981
Phonology and the development of the lexicon: evidence from children's errors. **8**, 239, 1981
The development of relational arcs in the lexical semantic memory structures of young children. **8**, 385, 1981
Content and context in early lexical development. **8**, 565, 1981
Mothers' responses to infants' object-related gestures: influences on lexical development. **9**, 23, 1982
Children's use of lexical and non-lexical information in responding to commands. **9**, 139, 1982
Overextensions and underextensions: how different are they? **9**, 243, 1982
A note on children's lexical representations. **9**, 249, 1982
Words and plans: early language and the development of intelligent action. **9**, 303, 1982
Do children pick and choose? an examination of phonological selection and avoidance in early lexical acquisition. **9**, 319, 1982
Up front: the acquisition of a concept and a word. **9**, 645, 1982
The role of input frequency in lexical acquisition. **10**, 57, 1983

Bierwisch's analysis as a test of the SFH. **10**, 167, 1983
Formation of internal structure in a lexical category. **10**, 381, 1983
Sound-based errors in early word use. **10**, 459, 1983
Linguistic experience modifies lexical stress perception. **10**, 535, 1983

lexis
Research on child language in East European countries. **1**, 77, 1974

location
Movement and location in the acquisition of deictic verbs. **3**, 191, 1976

locatives
The development of locative expressions in English, Italian, Serbo-Croatian and Turkish. **6**, 529, 1979
More on the acquisition of locative prepositions: an analysis of Hebrew data. **6**, 547, 1979
More negative findings for positive prepositions. **10**, 415, 1983

logic
Understanding sentences in varying contexts. **9**, 217, 1982
Origins of verbal logic: spontaneous denials by two- and three-year-olds. **9**, 597, 1982

longitudinal
A report on methods of longitudinal data collection. **3**, 457, 1976

mama
'Mama' and 'papa' in child language. **3**, 157, 1976

Mandarin
The acquisition of tone in Mandarin-speaking children. **4**, 185, 1977
A parallel between child and adult language: a study in the phonetic explanation of sound patterns. **6**, 593, 1979

Maori
Bierwisch's analysis as a test of the SFH. **10**, 167, 1983

marking
The acquisition of word-meaning for dimensional adjectives: the long and short of it. **1**, 195, 1974
Fronting in child phonology. **1**, 233, 1974
Counter example to 'fronting' as a universal of child phonology. **2**, 293, 1975
Do children interpret 'marked' comparative adjectives as their opposites? **3**, 385, 1976
Height, age and function: differing influences on children's comprehension of 'younger' and 'older'. **4**, 395, 1977

maternal recognition
Perceptual responses to infant crying: maternal recognition and sex judgments. **2**, 199, 1975

memory
Some developmental aspects of sentence processing and memory. **5**, 113, 1978
The development of relational arcs in the lexical semantic memory structures of young children. **8**, 385, 1981

metalanguage
Competence and talent in verbal riddle comprehension. **4**, 433, 1977
The psychological reality of phonemes. **6**, 375, 1979
The development of noun definition. **8**, 165, 1981
Learning to tell jokes: a case study of metalinguistic abilities. **8**, 217, 1981

metaphor
Children's metaphoric productions and preferences. **2**, 125, 1975
A test of metaphoric comprehension and some preliminary developmental data. **6**, 111, 1979
New names for old things: the emergence of metaphoric language. **6**, 469, 1979
Understanding the psychology in psychological metaphors. **8**, 213, 1981

mine
The transformation of sensorimotor morphemes into words: a case study of the development of 'more' and 'mine'. **2**, 233, 1975

mixing
The acquisition and development of language by bilingual children. **5**, 311, 1978
Language mixing in bilingual children. **5**, 327, 1978
Language mixing in young bilinguals. **7**, 337, 1980

modals
Acquisition of epistemic and deontic meaning of modals. **9**, 659, 1982

monosyllables
Reduplications and monosyllables **1**, 287, 1974

more
The transformation of sensorimotor morphemes into words: a case study of the development of 'more' and 'mine'. **2**, 233, 1975
Children's meanings of 'more'. **3**, 287, 1976
Interactions between lexis and discourse in conservation and comprehension tasks. **8**, 109, 1981
The use of linguistic and non-linguistic strategies in kindergarteners' interpretations of 'more' and 'less'. **9**, 125, 1982

morphemes
The transformation of sensorimotor morphemes into words: a case study of the development of 'more' and 'mine'. **2**, 233, 1975

morphology
Rules, rote, and analogy in morphological formations by Hungarian children. **2**, 65, 1975
Hungarian research on the acquisition of morphology and syntax. **3**, 397, 1976
The acquisition of Estonian inflections. **4**, 313, 1977
Plurals in child speech. **5**, 237, 1978
Self-initiated corrections in the speech of infant-school children. **5**, 365, 1978
Morphological development in Italian: connotation and denotation. **6**, 29, 1979
Determinants of the acquisition order of grammatical morphemes: a re-analysis and re-interpretation. **7**, 181, 1980
The acquisition of some Dutch morphological rules. **7**, 539, 1980
Regularity vs. anomaly: the acquisition of Hebrew inflectional morphology. **8**, 265, 1981
On the acquisition of grammatical morphemes. **8**, 477, 1981
Language development and language knowledge: evidence from the acquisition of Hebrew morphophonology. **8**, 609, 1981
To attend or not to attend to unwelcome reanalyses? A reply to Pinker. **8**, 627, 1981
Verb-pattern alternation: the interface of morphology, syntax, and semantics in Hebrew child language. **9**, 169, 1982
A morphemic measure of early language development: data from modern Hebrew. **9**, 403, 1982
The acquisition of Hebrew plurals: the case of the missing gender category. **10**, 107, 1983

motherese
The development of conversation between mothers and babies. **4**, 1, 1977
Prosodic, paralinguistic, and interactional features in parent-child speech: English and Spanish. **4**, 67, 1977
Mothers' speech to children and syntactic development: some simple relationships. **6**, 423, 1979
Changes in the explicitness of mothers' directives as children age. **6**, 443, 1979
The episodic structure of maternal speech to young children. **7**, 29, 1980
Fathers' and mothers' speech in early language development. **7**, 353, 1980
Consistency in the pattern of change in mothers' speech: some discriminant analyses. **7**, 469, 1980
Why we don't talk 'baby talk' to babies. **7**, 489, 1980
Semantic roles and residual grammatical categories in mother and child speech: who tunes into whom? **8**, 583, 1981
Doggerel: motherese in a new context. **9**, 229, 1982
Mother conversational behaviour as a function of interactional intent. **9**, 337, 1982
Style and stability in mother conversational behaviour: a study of individual differences. **9**, 543, 1982
The prosody of maternal speech: infant age and context related changes. **10**, 1, 1983
Mothers' speech to prelingual infants: a pragmatic analysis. **10**, 17, 1983
The relationship of pragmatic dimensions of mothers' speech to the referential-expressive distinction. **10**, 35, 1983
Mothers' use of fantasy in speech to young children. **10**, 45, 1983
The role of input frequency in lexical acquisition. **10**, 57, 1983
Characteristics of adult speech which predict children's language development. **10**, 65, 1983
Informational functions of mother–child discourse: knowing them when we see them. **10**, 223, 1983
Concepts and methods in the study of conversation: a reply to Lynda Olsen-Fulero. **10**, 231, 1983

Mothers' and fathers' speech to their young children: similar or different? **10**, 245, 1983
Context-related age changes in mothers' speech: joint book reading. **10**, 259, 1983
The unintelligibility of speech to children. **10**, 265, 1983
Verbal and nonverbal aspects of mothers' directives. **10**, 337, 1983
'Do what I mean, not what I say!'. Changes in mothers' action-directives to young children. **10**, 357, 1983
Maternal speech: strategy or response? **10**, 369, 1983
Child responsiveness to mother questions of varying type and presentation. **10**, 495, 1983
The effects of intonation on infant attention: the role of the rising intonation contour. **10**, 521, 1983
Turn the page please: situation-specific language acquisition. **10**, 551, 1983
Mothers' use of superordinate category terms. **10**, 571, 1983

movement
Movement and location in the acquisition of deictic verbs. **3**, 191, 1976

MPU (morpheme-per-utterance)
A morphemic measure of early language development: data from modern Hebrew. **9**, 403, 1982

narratives
Preschool children's intraconversational narratives. **6**, 91, 1979
Noun phrases and coherence in child narratives. **10**, 135, 1983

National Child Development Study
The linguistic maturity of 11-year-olds: some analysis of the written compositions of children in the National Child Development Study. **3**, 99, 1976

negation
Four early stages in the development of L1 negation. **4**, 87, 1977
A developmental study of factivity and negation in complex syntax. **5**, 295, 1978
Some facts on negation: Wode's four-stage developmental theory of negation revisited. **6**, 147, 1979
Tagging after red herrings: evidence against the processing capacity explanation in child language. **9**, 99, 1982
Children's comprehension of Italian comparative forms and the three-term problem solution. **10**, 203, 1983
Some more remarks on the acquisition of German negation. **10**, 465, 1983

negatives
Some facts one simply cannot deny. **2**, 279, 1975

nominal–pronominal reduplication
Noun–pronoun pleonasms: the role of age and situation. **5**, 489, 1978

nonsense
Some instances of word usage in the absence of comprehension. **7**, 189, 1980
Children's use of lexical and non-lexical information in responding to commands. **9**, 139, 1982
Do children pick and choose? an examination of phonological selection and avoidance in early lexical acquisition. **9**, 319, 1982

nonverbal
The case for semantic relations: evidence from the verbal and nonverbal domains. **8**, 413, 1981
Early language and nonverbal representation: a reassessment. **8**, 541, 1981
'What says meow?'. The role of context and linguistic experience in very young children's responses to *what*-questions. **10**, 321, 1983
Verbal and nonverbal aspects of mothers' directives. **10**, 337, 1983
Talking about comparisons: A study of young children's comparative adjective usage. **10**, 605, 1983

noun phrases
Noun phrase expansion in child language. **1**, 107, 1974
Unravelling competence, performance and pragmatics in the speech of young children. **3**, 309, 1976
'Mommy sock': the child's understanding of possession as expressed in two-noun phrases. **7**, 119, 1980
Noun phrases and coherence in child narratives. **10**, 135, 1983

nouns
The development of noun definition. **8**, 165, 1981
The acquisition of Hebrew plurals: the case of the missing gender category. **10**, 107, 1983
Comprehending surface and deep structure subjects: children's understanding of implied vs. explicitly stated nouns. **10**, 195, 1983

object permanence
Language development as related to stage 6 object permanence development. **5**, 173, 1978
Cognitive precursors of receptive vs. expressive language. **9**, 13, 1982
objects
A comparative study of the use of pictures and objects in assessing children's receptive and productive language. **8**, 1, 1981
offers
The emergence of illocutionary skills. **7**, 13, 1980
older
Height, age and function: differing influences on children's comprehension of 'younger' and 'older'. **4**, 395, 1977
one-word stage
The transformation of sensorimotor morphemes into words: a case study of the development of 'more' and 'mine'. **2**, 233, 1975
Transitional phenomena in early language acquisition. **3**, 13, 1976
Brown's early stages: some evidence from Dutch. **3**, 267, 1976
A multi-functional approach to single-word usage. **4**, 23, 1977
Comprehension of two-word instructions by children in the one-word stage. **5**, 17, 1978
An experimental investigation of adult perception of one-word utterances. **5**, 131, 1978
Language development as related to stage 6 object permanence development. **5**, 173, 1978
Stage I speech of a Hindi-speaking child. **6**, 167, 1979
Some reasons why successive single word utterances are not. **6**, 411, 1979
Is early pragmatic development measurable? **7**, 1, 1980
The cognitive bases of relational words in the single word period. **8**, 15, 1981
Facilitation of semantic comprehension at the one-word stage of language development. **9**, 31, 1982
Words and plans: early language and the development of intelligent action. **9**, 303, 1982
order-of-mention
Children's reproductions: effects of event order and implied vs. directly stated causation. **4**, 237, 1977
Comprehension of *before* and *after* in logical and arbitrary sequences. **4**, 247, 1977
Children's judgments of correct and reversed sentences with 'if'. **7**, 137, 1980
Preschool children's sentence comprehension: strategies with respect to word order. **7**, 371, 1980
Understanding sentences in varying contexts. **9**, 217, 1982
Children's comprehension of 'before' and 'after' reinvestigated. **9**, 381, 1982
order of presentation
On the acquisition of two complex syntactic constructions in Tamil. **1**, 65, 1974
orthography
Talking backward: exceptional speech play in late childhood. **9**, 481, 1982
ostension
Ostensive definition in vocabulary teaching **7**, 565, 1980
overextension
Cups and glasses: learning that boundaries are vague. **2**, 79, 1975
The early acquisition of word meaning. **3**, 117, 1976
Who is 'Daddy' revisited: the status of two-year-olds' over-extended words in use and comprehension. **4**, 359, 1977
Polar exploration: 'hot' and 'cold', 'cool' and 'cold'. **4**, 477, 1977
Lexical development and overextension in child language. **5**, 205, 1978
Features, contrasts and the FCH: some comments on Barrett's lexical development hypothesis. **6**, 139, 1979
New names for old things: the emergence of metaphoric language. **6**, 469, 1979
Overextensions in production and comprehension: a methodological clarification. **7**, 205, 1980
Overextension in early language development. **7**, 321, 1980
What is the source of overextension errors in comprehension testing of two-year-olds? A response to Fremgen and Fay. **7**, 575, 1980
Category development in early language. **8**, 225, 1981
Overextension and underextension in the child's expressive and receptive speech. **9**, 83, 1982
Overextensions and underextensions: how different are they? **9**, 243, 1982
On the existence of competence errors in

early comprehension: a reply to Fremgen & Fay and Chapman & Thomson. **10**, 431, 1983

papa
'Mama' and 'papa' in child language. **3**, 157, 1976

paralanguage
Prosodic, paralinguistic, and interactional features in parent-child speech: English and Spanish. **4**, 67, 1977

particles
The acquisition of Japanese particles. **1**, 283, 1974

passives
The acquisition of the passive voice **3**, 331, 1976
The development of the full passive. **5**, 65, 1978

past tense
How children talk about what happened. **3**, 167, 1976

perception
Perceptual responses to infant crying: identification of cry types. **1**, 89, 1974
Perception and production in child phonology: the testing of four hypotheses. **1**, 205, 1974
Cups and glasses: learning that boundaries are vague. **2**, 79, 1975
Perceptual responses to infant crying: maternal recognition and sex judgments. **2**, 199, 1975
Surface contrast in children's speech. **2**, 287, 1975
Statistical significance in phonemic perception experiments. **2**, 297, 1975
The role of speech discrimination in developmental sound substitutions. **3**, 319, 1976
An experimental investigation of adult perception of one-word utterances. **5**, 131, 1978
Assimilation in child language and elsewhere. **5**, 373, 1978
Speech discrimination in the language-innocent and the language-wise: a study in the perception of voice onset time. **6**, 1, 1979
Learning the phonetic cues to the voiced/voiceless distinction: a comparison of child and adult speech perception. **7**, 459, 1980
The role of perceived variability in the transition to language. **9**, 1, 1982
Overextension and underextension in the child's expressive and receptive speech. **9**, 83, 1982
Cross-linguistic perception in infancy: early effects of linguistic experience **9**, 289, 1982
Pragmatic factors in children's phrasal coordination. **9**, 425, 1982
The pig dialogue: phonological systems in transition. **9**, 517, 1982
Assessing the role of experience on infants' speech discrimination. **9**, 527, 1982
The unintelligibility of speech to children. **10**, 265, 1983
Linguistic experience modifies lexical stress perception. **10**, 535, 1983

performance
Performing without competence **1**, 1, 1974
Competence and performance in child language: are children really competent to judge? **1**, 11, 1974
Unravelling competence, performance and pragmatics in the speech of young children. **3**, 309, 1976
Acquisition of bi-transitive sentences: pre-linguistic determinants of language acquisition. **8**, 367, 1981
Phonetic analysis of late babbling: a case study of a French child. **8**, 511, 1981

person
The acquisition of inflections in Portuguese: a study of the development of person markers on verbs. **6**, 53, 1979

phone classes
Lexical and syllabic patterns in phonological acquisition. **5**, 417, 1978

phonemes
The psychological reality of phonemes. **6**, 375, 1979

phonetics
Infant babbling and speech. **3**, 1, 1976
Features of infant sounds: the emergence of cooing. **5**, 379, 1978
A parallel between child and adult language: a study in the phonetic explanation of sound patterns. **6**, 593, 1979
The acquisition of the voicing contrast in Spanish: a phonetic and phonological study of word-initial stop consonants. **7**, 433, 1980
Learning the phonetic cues to the voiced/voiceless distinction: a comparison of child and adult speech perception. **7**, 459, 1980

Phonetic analysis of late babbling: a case study of a French child. **8**, 511, 1981
Timing in late babbling. **8**, 525, 1981
Cross-linguistic perception in infancy: early effects of linguistic experience **9**, 289, 1982
Assessing the role of experience on infants' speech discrimination. **9**, 527, 1982
Similarity of babbling in Spanish- and English-learning babies. **9**, 565, 1982

phonological idioms
Some aspects of child phonology in imitative and spontaneous speech. **5**, 403, 1978

phonological processes
Phonological rules in young children. **1**, 49, 1974
Intra-word phonological variability in young children. **9**, 55, 1982

phonology
Research on child language in East European countries. **1**, 77, 1974
Perception and production in child phonology: the testing of four hypotheses. **1**, 205, 1974
Fronting in child phonology. **1**, 233, 1974
Surface contrast in children's speech. **2**, 287, 1975
Counter example to 'fronting' as a universal of child phonology. **2**, 293, 1975
Statistical significance in phonemic perception experiments. **2**, 297, 1975
Infant babbling and speech. **3**, 1, 1976
The role of speech discrimination in developmental sound substitutions. **3**, 319, 1976
Early phonotactic development: some observations on a child's acquisition of initial consonant clusters. **3**, 429, 1976
One idiosyncratic strategy in the acquisition of phonology. **4**, 45, 1977
A child's acquisition of Russian phonology. **4**, 329, 1977
Temporal constraints on consonant clusters in child speech production. **4**, 417, 1977
Temporal and sequential constraints on six-year-olds' phonological productions: some observations on the 'ambliance' phenomenon. **5**, 101, 1978
Assimilation in child language and elsewhere. **5**, 373, 1978
Some aspects of child phonology in imitative and spontaneous speech. **5**, 403, 1978
Lexical and syllabic patterns in phonological acquisition. **5**, 417, 1978
Speech discrimination in the language-innocent and the language-wise: a study in the perception of voice onset time. **6**, 1, 1979
A phonetic analysis of consonantal devoicing in children's speech. **6**, 19, 1979
A parallel between child and adult language: a study in the phonetic explanation of sound patterns. **6**, 593, 1979
The acquisition of the voicing contrast in English: a study of voice onset time in word-initial stop consonants. **7**, 41, 1980
Again and again: reduplication in child phonology. **7**, 75, 1980
Homonymy in child phonology. **7**, 413, 1980
The acquisition of the voicing contrast in Spanish: a phonetic and phonological study of word-initial stop consonants. **7**, 433, 1980
Learning the phonetic cues to the voiced/voiceless distinction: a comparison of child and adult speech perception. **7**, 459, 1980
Medial consonant cluster acquisition by Telugu children. **8**, 63, 1981
Phonology and the development of the lexicon: evidence from children's errors. **8**, 239, 1981
Early language and nonverbal representation: a reassessment. **8**, 541, 1981
Language development and language knowledge: evidence from the acquisition of Hebrew morphophonology. **8**, 609, 1981
Reduplication as a strategy of phonological development. **9**, 41, 1982
Intra-word phonological variability in young children. **9**, 55, 1982
Rule discovery in phonological acquisition. **9**, 71, 1982
A note on children's lexical representations. **9**, 249, 1982
Do children pick and choose? an examination of phonological selection and avoidance in early lexical acquisition. **9**, 319, 1982
Talking backward: exceptional speech play in late childhood. **9**, 481, 1982

The pig dialogue: phonological systems in transition. 9, 517, 1982
Reduplication in child phonology. 10, 239, 1983
Some further comments on reduplication in child phonology. 10, 441, 1983
How many vowels in a vowel? 10, 449, 1983
Constraints on consonant–vowel sequences in early words. 10, 455, 1983
Sound-based errors in early word use. 10, 459, 1983
Linguistic experience modifies lexical stress perception. 10, 535, 1983

phonotactics
Early phonotactic development: some observations on a child's acquisition of initial consonant clusters. 3, 429, 1976
Temporal and sequential constraints on six-year-olds' phonological productions: some observations on the 'ambliance' phenomenon. 5, 101, 1978
Constraints on consonant–vowel sequences in early words. 10, 455, 1983

pictures
A comparative study of the use of pictures and objects in assessing children's receptive and productive language. 8, 1, 1981

***pig* dialogue**
The pig dialogue: phonological systems in transition. 9, 517, 1982

plans
Words and plans: early language and the development of intelligent action. 9, 303, 1982

plausibility
Some facts one simply cannot deny. 2, 279, 1975

play
The ontogenesis of speech acts. 2, 1, 1975
New names for old things: the emergence of metaphoric language. 6, 469, 1979

pleonasms
Noun–pronoun pleonasms: the role of age and situation. 5, 489, 1978

plurals
Plurals in child speech. 5, 237, 1978
The acquisition of Hebrew plurals: the case of the missing gender category. 10, 107, 1983

polarity
Sizing things up: the acquisition of the meaning of dimensional adjectives. 3, 205, 1976
Polar exploration: 'hot' and 'cold', 'cool' and 'cold'. 4, 477, 1977

Polish
Prefix versus suffix information processing in the comprehension of tense and aspect. 10, 85, 1983
The word order myth. 10, 97, 1983

politeness
The development of directives: how children ask and tell. 8, 151, 1981

polysyllables
Temporal and sequential constraints on six-year-olds' phonological productions: some observations on the 'ambliance' phenomenon. 5, 101, 1978
Again and again: reduplication in child phonology. 7, 75, 1980
Reduplication as a strategy of phonological development. 9, 41, 1982

Portuguese
The acquisition of inflections in Portuguese: a study of the development of person markers on verbs. 6, 53, 1979

positiveness
More negative findings for positive prepositions. 10, 415, 1983

possession
'Mommy sock': the child's understanding of possession as expressed in two-noun phrases. 7, 119, 1980

possible worlds
Possible worlds semantics for early syntax. 8, 633, 1981

post-articles
More about the same: children's understanding of post-articles. 4, 377, 1977

postpositions
The development of locative expressions in English, Italian, Serbo-Croatian and Turkish. 6, 529, 1979

pragmatics
Acquisition of pragmatic competence. 1, 277, 1974
Holophrases, speech acts and language universals. 2, 21, 1975
Unravelling competence, performance and pragmatics in the speech of young children. 3, 309, 1976
A pragmatic analysis of spontaneous imitations. 5, 25, 1978
Satisfying inquisitive adults: some simple methods of answering *yes/no* questions. 5, 221, 1978
Can information theory explain early word choice? 6, 397, 1979
Is early pragmatic development measurable? 7, 1, 1980
The emergence of illocutionary skills. 7, 13, 1980

Going beyond information theory to explain early word choice; a reply to Roy Pea. **7**, 217, 1980
Children's comprehension of pragmatic concepts expressed in 'because', 'although', 'if' and 'unless'. **8**, 347, 1981
Possible worlds semantics for early syntax. **8**, 633, 1981
Pragmatic factors in children's phrasal coordination. **9**, 425, 1982
The pragmatics of subordinating conjunctions: a second look. **9**, 461, 1982
The speech of two- and three-year-olds to infant siblings: 'baby talk' and the context of communication.] **9**, 579, 1982
Mothers' speech to prelingual infants: a pragmatic analysis. **10**, 17, 1983
The relationship of pragmatic dimensions of mothers' speech to the referential-expressive distinction. **10**, 35, 1983
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. **10**, 123, 1983
Asking children to ask; an experimental investigation of the pragmatics of relayed questions. **10**, 187, 1983
Evaluating presuppositions and propositions. **10**, 639, 1983

predictability
Characteristics of adult speech which predict children's language development. **10**, 65, 1983

prefix
Prefix versus suffix information processing in the comprehension of tense and aspect. **10**, 85, 1983

prelinguistic
The ontogenesis of speech acts. **2**, 1, 1975
Transitional phenomena in early language acquisition. **3**, 13, 1976
Features of infant sounds: the emergence of cooing. **5**, 379, 1978
Cross-linguistic perception in infancy: early effects of linguistic experience **9**, 289, 1982
Mothers' speech to prelingual infants: a pragmatic analysis. **10**, 17, 1983
The effects of intonation on infant attention: the role of the rising intonation contour. **10**, 521, 1983

prepositions
The development of locative expressions in English, Italian, Serbo-Croatian and Turkish. **6**, 529, 1979
More on the acquisition of locative prepositions: an analysis of Hebrew data. **6**, 547, 1979
Relationships between parental input frequencies and children's language acquisition: a reanalysis of Brown's data. **7**, 105, 1980
More negative findings for positive prepositions. **10**, 415, 1983

presuppositions
A developmental study of factivity and negation in complex syntax. **5**, 25 ;, 1978
Children's understanding of factive presuppositions: an experiment and a review. **7**, 381, 1980
Evaluating presuppositions and propositions. **10**, 639, 1983

pretend
The use of the past tense in games of pretend. **6**, 365, 1979
Four-year olds' understanding of 'pretend' and 'forget': no evidence for propositional reasoning. **6**, 493, 1979
The use of the past tense in games of pretend. **7**, 213, 1980

problem-solving
Directing two-year-old's attention; some clues to understanding. **6**, 211, 1979
Words and plans: early language and the development of intelligent action. **9**, 303, 1982

production
Perception and production in child phonology: the testing of four hypotheses. **1**, 205, 1974
The acquisition of the passive voice **3**, 331, 1976
Comprehension and production of adjectives and seriation. **3**, 369, 1976
Does comprehension precede production? The development of children's responses to telegraphic sentences of varying grammatical adequacy. **4**, 201, 1977
Children's production and comprehension of questions. **4**, 211, 1977
Who is 'Daddy' revisited: the status of two-year-olds' over-extended words in use and comprehension. **4**, 359, 1977
Early lexical development: comprehension and production. **6**, 183, 1979
Comprehension and production of comparatives and superlatives. **6**, 511, 1979

Overextensions in production and comprehension: a methodological clarification. **7**, 205, 1980
A comparative study of the use of pictures and objects in assessing children's receptive and productive language. **8**, 1, 1981
Content and context in early lexical development. **8**, 565, 1981
Overextension and underextension in the child's expressive and receptive speech. **9**, 83, 1982
If I were you and you were me: the analysis of pronouns in a pronoun-reversing child. **9**, 359, 1982

production constraints
Some aspects of child phonology in imitative and spontaneous speech. **5**, 403, 1978

pronouns
Cognitive principles underlying children's errors in pronominal case-marking. **1**, 271, 1974
Pronominal case-errors. **3**, 439, 1976
Learning how 'it' works. **4**, 225, 1977
On interpreting non-coreferent pronouns: a longitudinal study. **6**, 585, 1979
Speech roles and the development of personal pronouns. **7**, 509, 1980
Ambiguity of reference and listeners' reaction in a naturalistic setting. **7**, 555, 1980
Context-specificity and generalization in the acquisition of pronominal distinctions. **8**, 75, 1981
If I were you and you were me: the analysis of pronouns in a pronoun-reversing child. **9**, 359, 1982

propositions
Evaluating presuppositions and propositions. **10**, 639, 1983

prosody
Prosodic, paralinguistic, and interactional features in parent-child speech: English and Spanish. **4**, 67, 1977
The prosody of maternal speech: infant age and context related changes. **10**, 1, 1983

prototypes
Acquisition of bi-transitive sentences: pre-linguistic determinants of language acquisition. **8**, 367, 1981

psychological processes
Performing without competence **1**, 1, 1974
More about the same: children's understanding of post-articles. **4**, 377, 1977
The psychological reality of phonemes. **6**, 375, 1979
Understanding the psychology in psychological metaphors. **8**, 213, 1981
Tagging after red herrings: evidence against the processing capacity explanation in child language. **9**, 99, 1982

quantifiers
Some clues to the nature of semantic development. **1**, 185, 1974

quantitative
Children's meanings of 'more'. **3**, 287, 1976
Learning how 'it' works. **4**, 225, 1977

questions
Aspects of adult–child communication: the problem of question acquisition. **2**, 251, 1975
Children's strategies for interpreting complex comparative questions. **2**, 271, 1975
A child and the English question formation rule. **2**, 299, 1975
Early discourse agreement. **3**, 125, 1976
A functional analysis of English question acquisition: a response to Hurford. **3**, 417, 1976
Arguments against Hurford's 'Aux Copying Rule'. **3**, 423, 1976
Children's production and comprehension of questions. **4**, 211, 1977
Children's comprehension of their mothers' question-directives. **5**, 39, 1978
Transformations as mental operations: a reply to Kuczaj. **5**, 143, 1978
How to answer questions when you've got nothing to say. **5**, 159, 1978
Satisfying inquisitive adults: some simple methods of answering *yes/no* questions. **5**, 221, 1978
Against the transformationalist account: a simpler analysis of auxiliary overmarkings. **5**, 337, 1978
Who, *why*, *when* and *how*: a development study. **5**, 477, 1978
Knowing what to say and wanting to say it: some communicative and structural aspects of single-word responses to questions. **6**, 81, 1979
When does 'when' mean more than 'when'?: a comment on Cairns & Hsu's stage model for replies to *when*-questions. **8**, 471, 1981
It's easier in German, isn't it? The acquisition of tag questions in a bilingual child. **8**, 641, 1981

Tagging after red herrings: evidence against the processing capacity explanation in child language. 9, 99, 1982
On children's comprehension of *whom*-questions: a reply to French. 9, 239, 1982
More questions than answers: a study of question–answer sequences in a naturalistic setting. 9, 445, 1982
Asking children to ask; an experimental investigation of the pragmatics of relayed questions. 10, 187, 1983
'What says meow?'. The role of context and linguistic experience in very young children's responses to *what*-questions. 10, 321, 1983
Child responsiveness to mother questions of varying type and presentation. 10, 495, 1983

rate
Syntactic styles in emerging language. 3, 49, 1976
Talking to children: the effects of rate, intonation, and length on children's sentence imitation. 6, 459, 1979

reading
Language by ear and by eye. 2, 153, 1975
The achievement and antecedents of labelling. 5, 1, 1978
Context-related age changes in mothers' speech: joint book reading. 10, 259, 1983
Turn the page please: situation-specific language acquisition. 10, 551, 1983

recall
Imitation and recall of optionally deletable sentences by young children. 2, 261, 1975

redundancy
A choice of words: two-year-old speech from a situational point of view. 3, 275, 1976
The episodic structure of maternal speech to young children. 7, 29, 1980
Sentence coordination in Japanese and English. 9, 193, 1982
Pragmatic factors in children's phrasal coordination. 9, 425, 1982

reduplication
Reduplications and monosyllables 1, 287, 1974
Again and again: reduplication in child phonology. 7, 75, 1980
Reduplication as a strategy of phonological development. 9, 41, 1982
Reduplication in child phonology. 10, 239, 1983
Some further comments on reduplication in child phonology. 10, 441, 1983

referential
The relationship of pragmatic dimensions of mothers' speech to the referential-expressive distinction. 10, 35, 1983

relational arcs
The development of relational arcs in the lexical semantic memory structures of young children. 8, 385, 1981

relational words
The cognitive bases of relational words in the single word period. 8, 15, 1981

requests
Requests and responses in children's speech. 2, 41, 1974
Children's comprehension of their mothers' question-directives. 5, 39, 1978
The emergence of illocutionary skills. 7, 13, 1980

research method
The meanings of two-word utterances in the speech of young children. 3, 29, 1976
On a method of eliciting true/false judgments from young children. 3, 411, 1976
'John is easy to see' re-investigated. 3, 443, 1976
A report on methods of longitudinal data collection. 3, 457, 1976
Fundamental frequency characteristics of infant non-distress vocalization during the first twenty-four weeks. 4, 171, 1977
Inappropriate expansion: a demonstration of a methodology for child language research. 4, 115, 1977
Learning to make definitions. 4, 289, 1977
An experimental investigation of adult perception of one-word utterances. 5, 131, 1978
Old and new ways not to study comprehension: comments on Petretic & Tweney's (1977) experimental review of Shipley, Smith & Gleitman (1969). 5, 501, 1978
What does the child mean? A critique of the 'functional' approach to language acquisition. 6, 201, 1979
Aspects of a theory of language acquisition. 7, 157, 1980

Overextensions in production and comprehension: a methodological clarification. **7**, 205, 1980
On coordination in child language. **7**, 305, 1980
Consistency in the pattern of change in mothers' speech: some discriminant analyses. **7**, 469, 1980
What is the source of overextension errors in comprehension testing of two-year-olds? A response to Fremgen and Fay. **7**, 575, 1980
A comparative study of the use of pictures and objects in assessing children's receptive and productive language. **8**, 1, 1981
Children's understanding of *ask* and *tell*. **8**, 139, 1981
On the comprehension of comprehension studies: a reply to Gleitman, Shipley and Smith's (1978) criticism of Petretic & Tweney (1977). **8**, 193, 1981
Further remarks on interpretive analysis: in response to Christine Howe. **8**, 403, 1981
The case for semantic relations: evidence from the verbal and nonverbal domains. **8**, 413, 1981
Interpretive analysis and role semantics: a ten-year mésalliance? **8**, 439, 1981
Coordinating studies of coordination: a reply to Ardery. **8**, 457, 1981
A morphemic measure of early language development: data from modern Hebrew. **9**, 403, 1982
'Ask' and 'tell' revisited: a reply to Warden **9**, 667, 1982
Characteristics of adult speech which predict children's language development. **10**, 65, 1983
The unintelligibility of speech to children. **10**, 265, 1983
On the existence of competence errors in early comprehension: a reply to Fremgen & Fay and Chapman & Thomson. **10**, 431, 1983

responses

Requests and responses in children's speech. **2**, 41, 1974
Early discourse agreement. **3**, 125, 1976
Learning to make definitions. **4**, 289, 1977
Comprehension of two-word instructions by children in the one-word stage. **5**, 17, 1978
A pragmatic analysis of spontaneous imitations. **5**, 25, 1978
Children's comprehension of their mothers' question-directives. **5**, 39, 1978
How to answer questions when you've got nothing to say. **5**, 159, 1978
Satisfying inquisitive adults: some simple methods of answering *yes/no* questions. **5**, 221, 1978
Who, *why*, *when* and *how*: a development study. **5**, 477, 1978
Knowing what to say and wanting to say it: some communicative and structural aspects of single-word responses to questions. **6**, 81, 1979
Response to commands revisited again. **7**, 197, 1980
When does 'when' mean more than 'when'?: a comment on Cairns & Hsu's stage model for replies to *when*-questions. **8**, 471, 1981
More questions than answers: a study of question–answer sequences in a naturalistic setting. **9**, 445, 1982
'What says meow?'. The role of context and linguistic experience in very young children's responses to *what*-questions. **10**, 321, 1983
Maternal speech: strategy or response? **10**, 369, 1983
Child responsiveness to mother questions of varying type and presentation. **10**, 495, 1983
Imitations, interactions, and language acquisition. **10**, 589, 1983
The emergence of communicative competence: detection of conversational topics. **10**, 623, 1983

reversibility

The development of the full passive. **5**, 65, 1978
Developmental production of utterances from a series of lexemes. **5**, 251, 1978
Children's comprehension of 'because' in reversible and non-reversible sentences. **6**, 279, 1979
Observations on the role of logically constrained sentences in the comprehension of *before* and *after*. **6**, 353, 1979
Children's judgments of correct and reversed sentences with 'if'. **7**, 137, 1980
Preschool children's sentence comprehension: strategies with respect to word order. **7**, 371, 1980

If I were you and you were me: the analysis of pronouns in a pronoun-reversing child. 9, 359, 1982

riddles

Competence and talent in verbal riddle comprehension. 4, 433, 1977

roles

Young children's use of age-appropriate speech styles in social interaction and role-playing. 3, 81, 1976

Language use, role and context in a five-year-old. 5, 81, 1978

Games, social exchange and the acquisition of language. 5, 391, 1978

Speech roles and the development of personal pronouns. 7, 509, 1980

Interpretive analysis and role semantics: a ten-year mésalliance? 8, 439, 1981

Mothers' and fathers' speech to their young children: similar or different? 10, 245, 1983

rote

Rules, rote, and analogy in morphological formations by Hungarian children. 2, 65, 1975

Plurals in child speech. 5, 237, 1978

rules

Rules, rote, and analogy in morphological formations by Hungarian children. 2, 65, 1975

A child and the English question formation rule. 2, 299, 1975

A functional analysis of English question acquisition: a response to Hurford. 3, 417, 1976

Arguments against Hurford's 'Aux Copying Rule'. 3, 423, 1976

One idiosyncratic strategy in the acquisition of phonology. 4, 45, 1977

What's the use of imitation? 4, 341, 1977

Temporal and sequential constraints on six-year-olds' phonological productions: some observations on the 'ambliance' phenomenon. 5, 101, 1978

Transformations as mental operations: a reply to Kuczaj. 5, 143, 1978

The uses of imitation. **8**, 205, 1981
Pre-school children's use of the articles in definite and indefinite referring expressions. **8**, 313, 1981
Semantic roles and residual grammatical categories in mother and child speech: who tunes into whom? **8**, 583, 1981
Possible worlds semantics for early syntax. **8**, 633, 1981
Verb-pattern alternation: the interface of morphology, syntax, and semantics in Hebrew child language. **9**, 169, 1982
Sentence coordination in Japanese and English. **9**, 193, 1982
Understanding sentences in varying contexts. **9**, 217, 1982
Mother conversational behaviour as a function of interactional intent. **9**, 337, 1982
If I were you and you were me: the analysis of pronouns in a pronoun-reversing child. **9**, 359, 1982
Pragmatic factors in children's phrasal coordination. **9**, 425, 1982
Adapting syntax in writing to varying audiences as a function of age and social cognitive ability. **9**, 497, 1982
Explicating the conceptual basis of language. **9**, 521, 1982
The acquisition of Hebrew plurals: the case of the missing gender category. **10**, 107, 1983
Error assimilation as a mechanism in language learning. **10**, 401, 1983
Some more remarks on the acquisition of German negation. **10**, 465, 1983

tag questions

It's easier in German, ian't it? The acquisition of tag questions in a bilingual child. **8**, 641, 1981
Tagging after red herrings: evidence against the processing capacity explanation in child language. **9**, 99, 1982
Tag constructions: structure and function in child discourse. **9**, 151, 1982

Tagalog

Agent–patient word-order preference in the acquisition of Tagalog. **5**, 47, 1978
Focus types and agent-patient word-order preferences in Tagalog. **6**, 359, 1979

talking backward
Talking backward: exceptional speech play in late childhood. **9**, 481, 1982
Tamil
On the acquisition of two complex syntactic constructions in Tamil. **1**, 65, 1974
task effects
Speech codes and speech variants: social class and task differences in children's speech. **3**, 247, 1976
Children's reproductions: effects of event order and implied vs. directly stated causation. **4**, 237, 1977
The allative bias in three-year-olds is almost proof against task naturalness. **8**, 283, 1981
telegraphic
Does comprehension precede production? The development of children's responses to telegraphic sentences of varying grammatical adequacy. **4**, 201, 1977
tell
Native Spanish language acquisition: the effect of age, schooling and context on responses to 'dile' and 'pregúntale'. **4**, 453, 1977
Children's understanding of *ask* and *tell*. **8**, 139, 1981
The development of directives: how children ask and tell. **8**, 151, 1981
'Ask' and 'tell' revisited: a reply to Warden **9**, 667, 1982
Asking children to ask; an experimental investigation of the pragmatics of relayed questions. **10**, 187, 1983
Telugu
Medial consonant cluster acquisition by Telugu children. **8**, 63, 1981
tense
The use of the past tense in games of pretend. **6**, 365, 1979
The use of the past tense in games of pretend. **7**, 213, 1980
The acquisition of time talk: relations between child and adult grammars. **7**, 263, 1980
Description and explanation in the acquisition of verb-forms. **8**, 93, 1981
More on children's initial failure to relate specific acquisitions. **8**, 485, 1981
Prefix versus suffix information processing in the comprehension of tense and aspect. **10**, 85, 1983
Thai
Phonetic analysis of late babbling: a case study of a French child. **8**, 511, 1981
that
Stages of egocentrism in children's use of *this* and *that*: a different point of view. **3**, 349, 1976
Strategies in the acquisition of deixis. **5**, 457, 1978
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. **10**, 123, 1983
there
Strategies in the acquisition of deixis. **5**, 457, 1978
The comprehension of 'here' and 'there'. **6**, 69, 1979
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. **10**, 123, 1983
this
Stages of egocentrism in children's use of *this* and *that*: a different point of view. **3**, 349, 1976
Strategies in the acquisition of deixis. **5**, 457, 1978
A discourse analysis of deixis: pragmatic, cognitive and semantic factors in the comprehension of 'this', 'that', 'here', and 'there'. **10**, 123, 1983
time
How children talk about what happened. **3**, 167, 1976
The development of hypothetical reference in the speech of young children. **6**, 563, 1979
The acquisition of time talk: relations between child and adult grammars. **7**, 263, 1980
Factors influencing children's hypothetical reference. **8**, 131, 1981
Immediacy and certainty: factors in understanding future reference. **9**, 115, 1982
Children's comprehension of 'before' and 'after' reinvestigated. **9**, 381, 1982
timing
Temporal constraints on consonant clusters in child speech production. **4**, 417, 1977
Temporal and sequential constraints on six-year-olds' phonological productions: some observations on the 'ambliance' phenomenon. **5**, 101, 1978
Timing in late babbling. **8**, 525, 1981

tone
The acquisition of tone in Mandarin-speaking children. **4**, 185, 1977
Tone acquisition in Cantonese: a longitudinal case study. **5**, 191, 1978
topicalization
Noun–pronoun pleonasms: the role of age and situation. **5**, 489, 1978
topics
The emergence of communicative competence: detection of conversational topics. **10**, 623, 1983
transformations
A child and the English question formation rule. **2**, 299, 1975
A functional analysis of English question acquisition: a response to Hurford. **3**, 417, 1976
Arguments against Hurford's 'Aux Copying Rule'. **3**, 423, 1976
Conjunction reduction in child language. **4**, 257, 1977
Transformations as mental operations: a reply to Kuczaj. **5**, 143, 1978
Against the transformationalist account: a simpler analysis of auxiliary overmarkings. **5**, 337, 1978
Aspects of a theory of language acquisition. **7**, 157, 1980
Development of coordination in the natural speech of young children. **7**, 279, 1980
On coordination in child language. **7**, 305, 1980
Coordinating studies of coordination: a reply to Ardery. **8**, 457, 1981
Sentence coordination in Japanese and English. **9**, 193, 1982
transitions
Transitional phenomena in early language acquisition. **3**, 13, 1976
true/false judgments
On a method of eliciting true/false judgments from young children. **3**, 411, 1976
truth conditions
Origins of verbal logic: spontaneous denials by two- and three-year-olds. **9**, 597, 1982
tum phenomenon
The tum phenomenon **7**, 428, 1980
Turkish
The development of locative expressions in English, Italian, Serbo-Croatian and Turkish. **6**, 529, 1979
turns
Conversational competence in children. **1**, 163, 1974
Conversational asymmetry between mothers and children. **8**, 35, 1981
Tag constructions: structure and function in child discourse. **9**, 151, 1982
twins
Mother–child verbal interaction: the functioning of completions in the twin situation. **6**, 153, 1979
two-word stage
The meanings of two-word utterances in the speech of young children. **3**, 29, 1976
Situation and meaning in one- and two-word utterances: observations on Howe's 'The meanings of two-word utterances in the speech of young children'. **4**, 111, 1977
Is early pragmatic development measurable? **7**, 1, 1980
Further remarks on interpretive analysis: in response to Christine Howe. **8**, 403, 1981
The case for semantic relations: evidence from the verbal and nonverbal domains. **8**, 413, 1981
Interpretive analysis and role semantics: a ten-year mésalliance? **8**, 439, 1981
uncertainty
The pragmatics of subordinating conjunctions: a second look. **9**, 461, 1982
underextension
Overextension and underextension in the child's expressive and receptive speech. **9**, 83, 1982
Overextensions and underextensions: how different are they? **9**, 243, 1982
universals
Learning to code experience through language. **1**, 243, 1974
Holophrases, speech acts and language universals. **2**, 21, 1975
Counter example to 'fronting' as a universal of child phonology. **2**, 293, 1975
A parallel between child and adult language: a study in the phonetic explanation of sound patterns. **6**, 593, 1979
Aspects of a theory of language acquisition. **7**, 157, 1980
Phonetic analysis of late babbling: a case study of a French child. **8**, 511, 1981
unless
Children's comprehension of pragmatic concepts expressed in 'because', 'although', 'if' and 'unless'. **8**, 347, 1981

vagueness
The development of vague modifiers in the language of pre-school children.
5, 279, 1978

variability
The role of perceived variability in the transition to language. **9**, 1, 1982
Intra-word phonological variability in young children. **9**, 55, 1982
How many vowels in a vowel?
10, 449, 1983

verbs
How children talk about what happened.
3, 167, 1976
Movement and location in the acquisition of deictic verbs. **3**, 191, 1976
Children's production and comprehension of questions. **4**, 211, 1977
The acquisition of inflections in Portuguese: a study of the development of person markers on verbs. **6**, 53, 1979
Why not semantic relations? **6**, 243, 1979
The use of the past tense in games of pretend. **6**, 365, 1979
Four-year olds' understanding of 'pretend' and 'forget': no evidence for propositional reasoning. **6**, 493, 1979
Let's see. **6**, 581, 1979
The use of the past tense in games of pretend. **7**, 213, 1980
Children's understanding of factive presuppositions: an experiment and a review. **7**, 381, 1980
Description and explanation in the acquisition of verb-forms. **8**, 93, 1981
Regularity vs. anomaly: the acquisition of Hebrew inflectional morphology.
8, 265, 1981
The allative bias in three-year-olds is almost proof against task naturalness.
8, 283, 1981
More on children's initial failure to relate specific acquisitions. **8**, 485, 1981
Immediacy and certainty: factors in understanding future reference.
9, 115, 1982
Verb-pattern alternation: the interface of morphology, syntax, and semantics in Hebrew child language.
9, 169, 1982
Acquisition of epistemic and deontic meaning of modals. **9**, 659, 1982

very
The development of vague modifiers in the language of pre-school children.
5, 279, 1978

vocalization
Transitional phenomena in early language acquisition. **3**, 13, 1976
Adult judgments of age and linguistic differences in infant vocalization.
3, 145, 1976
Fundamental frequency characteristics of infant non-distress vocalization during the first twenty-four weeks.
4, 171, 1977
Features of infant sounds: the emergence of cooing. **5**, 379, 1978

voice onset time
Voice onset time in consonant cluster production by children and adults.
2, 223, 1975
A voice onset time analysis of apical stop production in 3-year-olds.
4, 103, 1977
Speech discrimination in the language-innocent and the language-wise: a study in the perception of voice onset time.
6, 1, 1979
The acquisition of the voicing contrast in English: a study of voice onset time in word-initial stop consonants.
7, 41, 1980

voices
Social class differences and the identification of sex in children's speech.
6, 121, 1979

voicing
A phonetic analysis of consonantal devoicing in children's speech. **6**, 19, 1979
The acquisition of the voicing contrast in English: a study of voice onset time in word-initial stop consonants.
7, 41, 1980
The acquisition of the voicing contrast in Spanish: a phonetic and phonological study of word-initial stop consonants.
7, 433, 1980
Learning the phonetic cues to the voiced/voiceless distinction: a comparison of child and adult speech perception.
7, 459, 1980
Assessing the role of experience on infants' speech discrimination. **9**, 527, 1982

vowels
How many vowels in a vowel?
10, 449, 1983

what
'What says meow?'. The role of context and linguistic experience in very young children's responses to *what*-questions.
10, 321, 1983

Imitations, interactions, and language acquisition. **10**, 589, 1983

when

Who, *why*, *when* and *how*: a development study. **5**, 477, 1978

When does 'when' mean more than 'when'?: a comment on Cairns & Hsu's stage model for replies to *when*-questions. **8**, 471, 1981

On children's comprehension of *whom*-questions: a reply to French. **9**, 239, 1982

who

Who, *why*, *when* and *how*: a development study. **5**, 477, 1978

why

Who, *why*, *when* and *how*: a development study. **5**, 477, 1978

word-order

Competence and performance in child language: are children really competent to judge? **1**, 11, 1974

A note on indirect objects. **3**, 435, 1976

Agent–patient word-order preference in the acquisition of Tagalog. **5**, 47, 1978

Developmental production of utterances from a series of lexemes. **5**, 251, 1978

Focus types and agent-patient word-order preferences in Tagalog. **6**, 359, 1979

SVO comprehension strategies reconsidered: the evidence of individual patterns of response. **7**, 89, 1980

Preschool children's sentence comprehension: strategies with respect to word order. **7**, 371, 1980

Experimental evidence for agent–patient categories in child language. **9**, 627, 1982

The word order myth. **10**, 97, 1983

writing

The linguistic maturity of 11-year-olds: some analysis of the written compositions of children in the National Child Development Study. **3**, 99, 1976

Adapting syntax in writing to varying audiences as a function of age and social cognitive ability. **9**, 497, 1982

younger

Height, age and function: differing influences on children's comprehension of 'younger' and 'older'. **4**, 395, 1977
